THE DIVANATRIX

art, photo & video

Playing is totally your cup of tea and that means you are totally our cup of tea. Maybe you find solace in creating collages from old magazines or cultivating joy in your life by taking pictures of the people that mean the most to you. During your show, you are always pushing the boundaries with the most experimental (and maybe even slightly annoying) bands, and we are all the better for it.

THE CHARISMETTE

marketing and production

You have got a charming self-assurance that we (and probably everyone in your life) can't get enough of. On the air-waves, you are announcing the hottest local events (that somehow only you know about) and people always spot you center stage at KCPR booths with the kindest smile. Heck! We have a sneaky suspicion we might even catch you behind the mixer helping produce any one of our charming live shows!

THE MOTORMOUTH

podcasting

Everyone wants to be your BFF, including us. We can already see you having the best audience engagement and having the most on-air phone calls trying to snag a min with one of our most genuine DJs. Better yet- you are probably on the podcast team center stage on dexter lawn trying to rope passersby into answering questions, or locked in the dark studio getting some crucial editing time in.

THE BARB (WALTERS)

content and news teams

Your dedicated drive is why we want you on our side! We know we will see you on our red couch typing up a storm on your laptop about the hottest latest events in local news and culture. Everyone loves grabbing a coffee with you because you ask the most engaging questions. During your programming hour the world will be filled with the latest, most accurate, punchiest nuggets of knowledge.

with love,

Lulu David
